## Dream Takes Root

In 2012, a small team of passionate food lovers embarked on a journey to bring the authentic flavours of Korean cuisine to Singapore.

With a vision to create a dining experience that felt like home, they opened the first O.BBa outlet at Bukit Timah. It was more than just a restaurant; it was a place where friends and family could gather to enjoy the rich, savoury tastes of Korean BBQ.

## Fusion of Flavours

By 2016, we wanted to offer something new and exciting to our patrons. The result was O.BBa Jjajang, our first foray into Korean-Chinese cuisine. With dishes like Jjajangmyeon and Jjamppong, we introduced a delightful fusion that quickly won over the hearts and taste buds of Singaporeans.

## Growth and Excellence

Our journey was not without challenges, but each hurdle only strengthened our resolve. In 2020, we combined our BBQ and Jjajang offerings at Tanjong Pagar, creating a culinary haven that stayed open until the early hours, catering to night owls and food enthusiasts alike. This period marked a significant milestone as we continually sought ways to improve and innovate.

## A Bright Future

With the opening of new outlets like O.BBa Jjajang Express in 2022 and numerous other locations in 2023 and 2024, we continue to grow. Our commitment to quality, innovation, and community remains unwavering. Each new branch is a chapter in our ongoing story, a testament to our dedication to bringing the best of Korean cuisine to every corner of Singapore.

# **Caring for Our Community**

At O.BBa, we believe that great food is just one part of our mission.

We are deeply committed to giving back to the community that has supported us throughout our journey. Our team regularly engages in various community service activities, from food drives to local clean-up projects, to support and uplift those in need.

We are proud to share these moments with you, as they reflect our dedication to making a positive impact beyond our kitchens. Thank you for being a part of the O.BBa family and supporting our efforts to make our community a better place.

## Essential Amino Acids | 필수 아미노산 함유

Scallops are rich in essential amino acids. Calcium and leucine strengthen bones, while glutamic acid and unsaturated fatty acids nourish the brain and help brain development.

## Helping Blood Vascular Health | 혈관 건강에 도움

Potassium in scallops releases sodium and wastes from the body to promote blood circulation. It also contains a lot of taurine, which is effective in controlling blood cholesterol levels and stabilising blood pressure.

## IBERICO BLACK PORK

Pigs those grow in clean grasslands on Iberico Peninsula in Spain are soft, healthy, and reliable to eat as they feed on wild dorchis, olives, rape flowers, and herbs.

Meet Iberico, which chefs praise as a popular ingredient, with cheers from famous restaurant foodies in Europe and around the world.

### Check Point.1

### 스페인 천혜의 자연조건을 가진 청정지역에서 야생도토리를먹고 자라 생긴 풍미

Flavour created by eating wild acorns  
in clean area with natural condition in Spain

Iberico black pork grows eating wild acorns, so the ingredients of the acorns create Iberico's unique marbling and a flavour that goes beyond ordinary pork.

### Check Point.2

### 걸어다니는 올리브 나무 올레인산 함유

The walking olive tree  
Contains oleic acid

Iberico pigs are so full of oleic acid that they are nicknamed as "the walking olive tree" They are differentiated from the fat of ordinary pigs, and this is why you can enjoy the beef taste in iberico

### What is Oleic acid?

It is one of the unsaturated fatty acids that lowers bad cholesterol and protects good cholesterol. Especially, the taste of beef is considered good because it contains oleic acid.
